

We are excited to be part of the  
school as the food provider in

School Year 2023

We are a company focused 100% in school food catering. What moves us is guiding children to a more healthy and balanced life through balanced eating habits, technology, and a personalized service.

In Boston School International we will have two different types of services: The administration of the cafeteria and the sale of lunches through our website. We invite you to keep reading so you can get to know our service!

## Website

Website: [www.natuviva.com.pa](http://www.natuviva.com.pa)

Through our website we offer different food and beverage menus so guardians and students can choose their favorite option for each day.

All orders are done and paid through our website, it is not necessary for guardians to order food for the whole month. Our website allows guardians and students to place orders according to their needs, even if its for couple of days in the month. Orders have to be made with a minimum of 48 hours in advance. The website will block days that are no longer available.

All menus come served in biodegradable containers with labels that include the name and grade of the student and a cutlery kit. The warm lunches are delivered inside the cafeteria and in the classrooms of the little ones.

If you need to cancel an order and be able to receive the credit, you must notify us at 6997-0522 before 5pm the day before.

If you cancel an order on the same day you will not receive the credit, the guardian can come pick it up at the school or allow us to give it to someone else.

If we do not receive any notification and the student does not come to school, we will hand it out to the school office and we will not issue a refund.

Get to know our menus:

## Natulunch

Our lunch menu. We offer two daily options, one with animal protein and a vegetarian option. These lunches come in biodegradable containers with a cutlery kit.

This menu comes in 3 different sizes:

**Petit: \$5.25**

Size recommended for kids in pre-kinder- 1st grade and the food comes cut into small pieces.

**Small: \$5.50**

Size recommended for kids in 1st-4th grade.

**Tall: \$6.50**

Size recommended for kids in 4th-12th grade. Size also recommended for teachers and faculty.

We also offer a Gluten and Lactose Free menu for an additional \$1.50 each day.

## Light Lunch

Our light lunch menu consisting of wraps, sandwiches, salads, and baked chicken fingers. This menu has only one size and we offer 2 options daily.

**\$5.50**

## Snack and Fruit

Our snack menu that we can deliver to students during snack recess or lunch menu. This menu comes in one size and we offer 2 options daily.

\$5.00

## Drinks

Our drinks menu, perfect to enjoy with any of our menus or alone. We offer natural fruit juices made in our kitchen and a bottle of water.

\$1.00

## NatuCafé:

Our service of the sale of lunches, snacks, desserts, and drinks in the cafeteria during recess. More than 80% of our products are made by us every day, making sure we use the highest quality of ingredients.

Since one of our pillars is technology, we use a biometric payment system called **Tiptap** in our cafeterias where students pay with their fingerprint. This allows for a more secure and hygienic transaction.

Guardians must download the app called **Tiptap** and create an account so we can later register the student's fingerprint in the cafeteria. For more information on **Tiptap**, please keep reading the next pages.

**\*\*During the first month in BSI we will be accepting credit cards, cash, and Tiptap as payment methods in our NatuCafe. Starting March 6, we will only accept Tiptap as payment method.\*\***

## What is it?

Mobile application that allows students to pay with their fingerprint. Students will no longer need credit cards or cash to purchase food.

## How does it work?

The guardian must create an account through the app and can register up to ten (10) students.

Through our app the guardian transfers money to their registered children so they can pay with their fingerprint.

## Benefits:

- Faster lines, so students can take advantage of their recess times.
  - Unlimited transfers with no cost.
  - Parental controls
- Blocking of products and ingredients
- Loyalty program

## Adding funds:

### Credit Cards:

Through the app, minimum of \$30 per transfer.

\*\*\*This transfer will reflect immediately in the guardian's wallet\*\*

### Bank transfer:

To the following account:

Soluciones Biometricas

Banco General

Cuenta Corriente

#03-10-01-140022-4

In the description, one must write the name of the guardian registered in the app and their ID number.

The transfer must be greater than \$1.00

\*\*\*The transfer will be reflected up to 24 business hours in the guardian's wallet.\*\*

### Yappy:

In the directory @tiptap

The transfer must be greater than \$1.00

In the description, one must write the name of the guardian registered in the app and their ID number

\*\*\*The transfer will be reflected up to 24 business hours in the guardian's wallet.\*\*

### Cash:

In the cafeteria, the student will be able to add funds to their fingerprint to purchase products.

**Important:** The guardian makes a transfer to their wallet, then they have to transfer the money within the app to the student's wallet.

## Costs:

Tiptap comes in two versions:

### Premium:

With parental controls like blocking ingredients or products, assign a daily spending limit to each child, and see how what they are buying.

\$12 annually, paid through the app.

### Standard:

Free version without parental controls, includes unlimited transfers, and a general view of what the student is purchasing.
